FACULTY OF
PHARMACY AND
BIOCHEMISTRY

MPharm STUDY PROGRAMME

From Zagreb, to global pharmacy leaders.

Bridging drug research and patient care – ensuring global health

PHARMACY IN ENGLISH (MPharm)

Duration: 10 semesters (5 years, 300 ECTS)

Annual quota: 32

Annual tuition fee: 10,000 EUR

Application:

Please find the full details on the application process at: https://mpharm.pharma.hr/application.

Candidates who have submitted a complete application (including Motivation letter) will be invited for an interview (in English), which can be conducted in person or on-line. During the interview, the candidate's motivation, experience, additional relevant knowledge, critical thinking skills, and communication skills will be assessed.
For more information please contact us at mpharm@pharma.unizg.hr.

Program overview

- 300 ECTS credits, equivalent to five years of full-time study including Degree thesis (10 ECTS) and Professional training for pharmacists (30 ECTS).
- The program offers a comprehensive combination of mandatory and elective courses. Students can choose from over 30 elective courses available from the second to fifth year, allowing them to tailor their education to their specific interests and explore a wide range of topics.
- Pharmacy Practice (in both pharmacies and pharmaceutical industry) is integrated in the curriculum from the first year.

English language proficiency: level B2 required
